## FEATURE HIGHLIGHTS

### Efficient Rotax Engine

Now introducing two new engines with class-leading torque: The HD9 with up to 65 hp/59 lb-ft and the HD7 with up to 52 hp/41 lb-ft. The Can-Am Traxter delivers a quieter cockpit with lower sound levels, built for long hours of work without complaint.

### Tow Like a Pro

The Can-Am Traxter can tow up to 2,500 lbs (1,136 kg). Strong engine, profiled chassis cage, and compact, hard working suspension. Electronic Hill Descent Control and Work Mode make it an effortless 2,500.

### Carry Any Cargo

With just one cargo box, the Can-Am Traxter can hold 1,000 lbs (454 kg). That's thanks to a sturdy tailgate and smart storage, including easy to use LinQ quick-attach points. There's no itinerary this ride can't handle.

### Maxxis Coronado 2.0† Tires and Steel Wheels

The Can-Am Traxter sits on 14 inch steel wheels with 27 inch Maxxis Coronado 2.0† tires. These tires are built to perform in any condition. Because the weather shouldn't get in the way of a ride. It should encourage one.

### On-Demand Capability

Meet your new favorite coworker. Towing a trailer, blazing through sand, or seamlessly selecting Turf Mode, 2WD, 4WD, and back, the Can-Am Traxter puts the power down on every terrain so it's the rock at your side workday after workday.

### Central Skid Plate

Our plastic plates glide smoothly and silently over obstacles, offering great protection in rough terrain. How do they do it? The abrasion-resistant thermoformed High Molecular Weight Polyethylene (HMWPE) they're made of. It's lighter than aluminum. And tougher.

### Three Driving Modes

Drivers can select between three different driving modes on the Can-Am Traxter: ECO, ECO Off and Work. Each one allows the driver to adapt to the riding conditions. Modes vary in speed, torque, and throttle response so riders can pick with purpose.

### Maxxis Coronado 2.0† Tires and Steel Wheels

The Can-Am Traxter XT sits on 14 inch cast-aluminum wheels with 27 inch Maxxis Bighorn 2.0 (HD10) tires built to perform in any condition. Because the weather shouldn't get in the way of a ride. It should encourage one.

### Pick-Up Style Seats

Dual VERSA-PRO 40/20/40 bolster bench seat for additional lateral support, inspired by modern pick-up trucks. The passenger seats flip up and have underside hooks for extra storage. Contoured bench seats with better bolsters aren't just for comfort. They improve the entrance and exit of the cab.

### Power Out of a Jam

The 4,500-lb (2,041 kg) integrated winch with roller fairlead engages with the flick of a switch to dominate the most difficult tasks. Effective for vehicle recovery, hunting trips, clearing brush, and at the job site. It's one of the most powerful tools built into the Traxter XT.

### Protection Where It Counts

This model sports a full hard roof, XT front bumper, and High Molecular Weight Polyethylene (HMWPE) full skid plate. So no matter the terrain or weather, these beauties are protected from the worst of it.
